

# Complete Mooring Solutions

Chain, Hardware & Sinkers

Sealite can provide turn-key mooring solutions for the range of buoy products, enabling complete systems to be containerised and delivered to customer sites around the world.

## Convenient turnkey solution

The delivery of a complete turnkey system provides customers with a single-source supply, and a convenient solution to their floating navigation aid requirements.

## Tailored to suit specific requirements

Mooring systems are designed to specifically suit Sealite buoys and their unique environments, taking into consideration buoy type, water depth, current speed, and other operational parameters.

The complete systems include chain, mooring sinkers and associated hardware in various grades and sizes.

Mooring solutions are calculated using Sealite's advanced mooring calculator

## The Sealite Advantage

- Convenient, complete mooring solution to suit every Sealite buoy type
- Range of sizes, grades, and configurations
- Includes chain, hardware and mooring sinkers
- Can be shipped with buoys to provide turnkey solution

**Buoy Models:**  
 SL-B600  
 SL-B700  
 SL-B750  
 SL-B800  
 SL-B1250  
 SL-B1500

**Buoy Models:**  
 SL-B1750

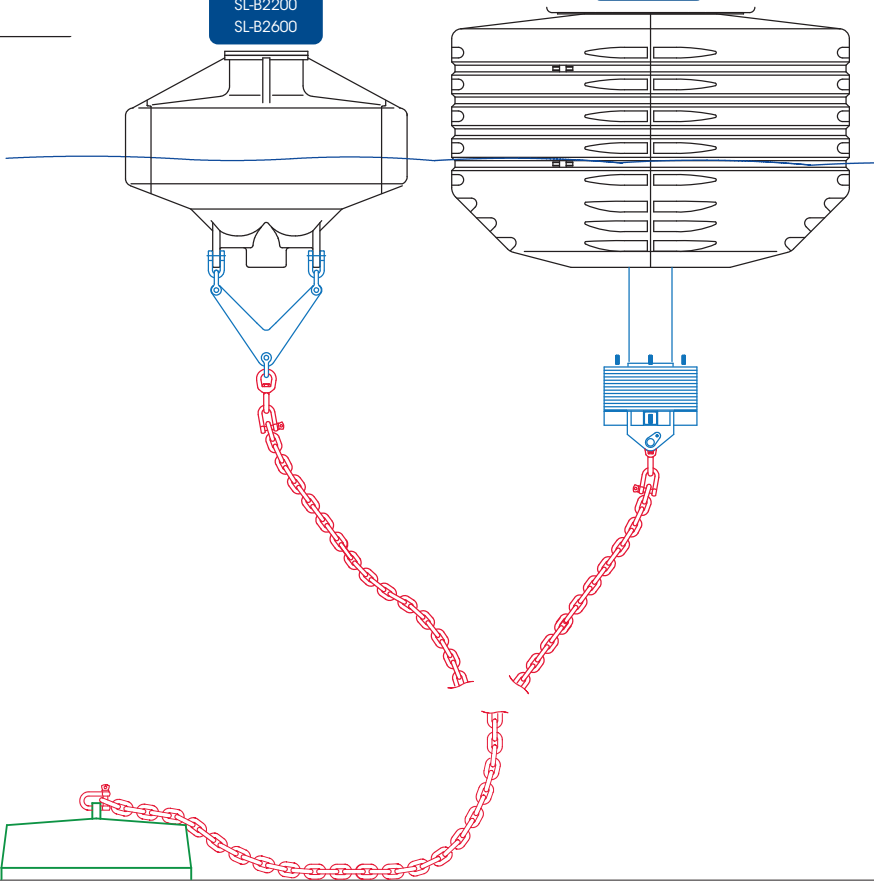

**LEGEND**

- Comes standard with buoy
- Optional Mooring Kit
- Optional Mooring Block
