

# Mooring Sinkers

Cast Iron

Sealite's has a selection of cast iron mooring sinkers available in various weights and sizes.

Cast iron sinkers are more durable and effective than concrete with an effective density that is 90% of its dry weight.

Cast iron sinkers offer a lower profile and smaller footprint than it's equivalent wet weight in concrete.

## CAST IRON MOORING SINKERS

Order Code	Description	Size (mm)		
		L	W	H
SL-MW-I-100	Mooring Sinker Cast Iron 100KG	550	330	90
SL-MW-I-350	Mooring Sinker Cast Iron 350KG	730	500	170
SL-MW-I-500	Mooring Sinker Cast Iron 500KG	840	600	165
SL-MW-I-1000	Mooring Sinker Cast Iron 1000KG	1100	860	170
SL-MW-I-2500	Mooring Sinker Cast Iron 2500KG	1400	1000	300
SL-MW-I-3000	Mooring Sinker Cast Iron 3000KG*	1500	1200	300
SL-MW-I-5000	Mooring Sinker Cast Iron 5000KG*	1800	1400	330

Note: All measurements are in mm. All dimensions are approximate. Items marked \* are available on request.

### The Sealite Advantage

- Range of mooring sinkers offered in various weights & sizes
- Available in cast iron
